

BIOGRAPHY

Miss Chanatnat Rong-or was born on August 15, 1997, in Phayao, Thailand. In 2016, she completed her high school education at Samakkhiwitthayakhom School in Chiang Rai. In 2020, she acquired a Bachelor's Degree in Polymer Engineering from Suranaree University of Technology. After completion, she obtained the position of foreman at First Rubber Co., Ltd. Subsequently, she studied her Master's degree in the Materials Engineering Program at the School of Polymer Engineering, Institute of Engineering, Suranaree University of Technology. During studying her master's degree at SUT, she presented her research on "Poly(Lactic acid)/ Natural Rubber/ Rice straw Bio-composite films for Agricultural application" at the 13th International Polymer Conference of Thailand (PCT 13 Conference) in Bangkok, Thailand. The publication of this work can be found in the PCT-13 Proceedings Book. Her research on "Soil burial degradation of bio-composite films from poly(lactic acid), natural rubber, and rice straw" was published in the Polymer Bulletin.
