

LIST OF TABLES

Table	Page
2.1 Classification of ornamental freshwater fish species	8
2.2 The size of live feed organisms	11
2.3 Major enzymes in fish for the digestion of protein, peptides, amino acids and other non-nitrogenous compounds.....	13
2.4 Effects of animal protein hydrolysates on aquaculture fish	21
3.1 Primers used for qRT-PCR analysis	45
4.1 Immune parameters of flowerhorn fish fed experimental diets for 30 days	49
4.2 Antioxidant parameters of flowerhorn fish fed experimental diets for 30 days.....	51
4.3 Effects of flowerhorn fish fed 2% DBPH for 30 days on the diversity of the microbiome in the intestinal tract.....	53
